

Purdue Pharmaceuticals L.P.

4701 Purdue Drive
Wilson, NC 27893

April 22, 2004

To whom it may concern.

Premier Landscaping has been handling all of the Lawn Care and Landscaping needs for Purdue Pharmaceuticals, LP in Wilson N.C. for over 4 years.

Premier maintains our lawn care requirements for a 49-acre industrial pharmaceutical manufacturing site, which include turf management, fertilization, and soil sampling, seeding, weed control and shrub & plant bed management.

Premier's additional duties include irrigation water management, seasonal flowers and snow removal.

Premier has also handles all of our additional site improvements and new construction landscaping projects for our cafeteria and parking lots.

I would recommend Premier Landscaping for any size project from residential to commercial jobs. The Alexander's and their employees have always given 100% satisfaction the 1st time, whether it's from the grounds maintenance division or the landscaping division.

Sincerely

A handwritten signature in cursive script that reads "Thomas G. Woolard".
